1

WPM-903

Automatic Dual-Side HDMI/USB Wire Stripping Machine

2

WPM-902

Angle Type Wire Traverse Machine for HDMI Display Port

3

WPM-901

Vertical Aluminum Foil Cutting Machine for HDMI Cables

WPM-903

Automatic Dual-Side HDMI/USB Wire Stripping Machine

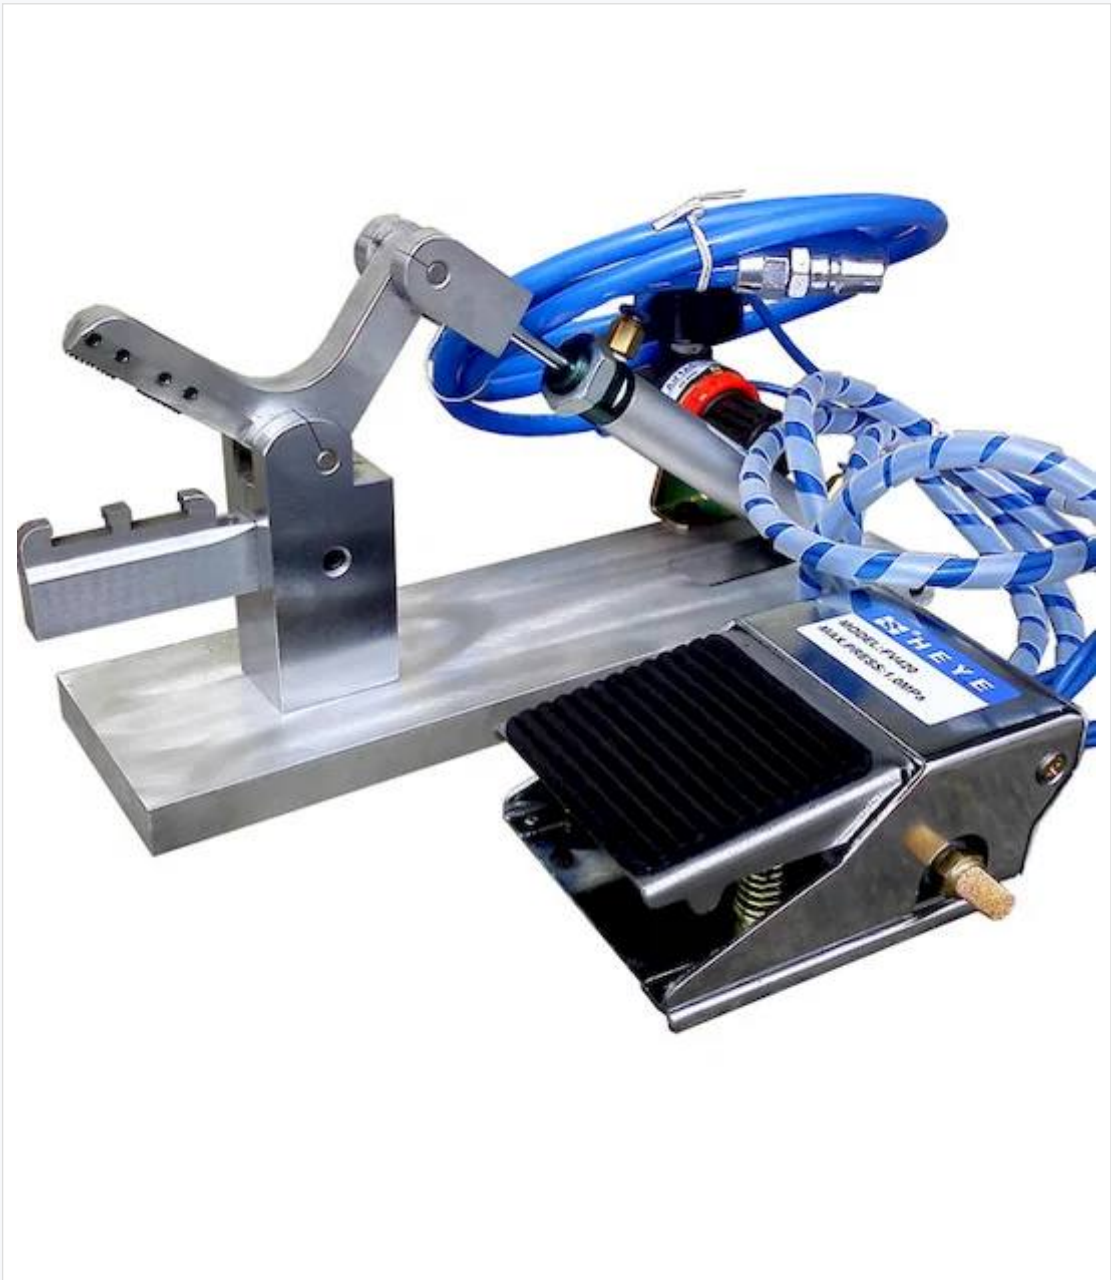

Description

Professional wire stripping machine for two sides of HDMI, DisplayPort, and USB cables. Can trim and strip wire in one-stop without molding. The structure can be adjusted according to the size of the wire. Special design knives solve the problem of wire scrap sticking on the knives, cleaning wire scrap automatically to extend the stripping machine lifetime of knives. Ideal for high-volume production environments requiring precise dual-side stripping of fine gauge wires.

Specifications

Model Number	WPM-903
Type	Stripping machine for two sides
Voltage	220V
Wire Gauge Range	26AWG~36AWG
Minimum Cutting Length	1.2mm
Maximum Cutting Length	10mm
Application	HDMI, DisplayPort, USB

WPM-902

Angle Type Wire Traverse Machine for HDMI Display Port

Description

The best choice for traversing HDMI Display Port cables. Traditional wire traversing is harmful, slow, requires significant time to train workers, and is highly dependent on workers' ability. The WPM-902 angle type wire traverse machine can easily traverse wires efficiently, with maximum production reaching 65 pieces per person per hour. No harm to the wires, safe and cost-effective solution for HDMI and DisplayPort cable processing.

Specifications

Model Number	WPM-902
Type	Angle type wire traverse machine
Stroke Length	50mm
Ability	AWG18-32
Air Pressure	5-8kg/cm2
Output	2-8kg
Cylinder	16mm
Weight	4kg

WPM-901

Vertical Aluminum Foil Cutting Machine for HDMI Cables

Description

The best choice for cutting HDMI cable aluminum foil. Traditional manual cutting of aluminum foil is harmful, slow, requires significant time to train workers, and is highly dependent on workers' ability. The WPM-901 vertical cut aluminum foil machine is easy to operate and efficient, with maximum production reaching 215 pieces per person per hour. No harm to the wires, safe and cost-effective solution for HDMI cable aluminum foil processing.

Specifications

Model Number	WPM-901
Type	Vertical cut aluminum foil machine
Stroke Length	250mm
Wire Gauge Range	AWG18-32
Air Pressure	0.5-0.8MPa
Voltage	220V/50Hz
Output Force	31-73kg
Cylinder Diameter	Φ40mm
Weight	6kg
