WPM-8AB

Model No. WPM-8AB

SPECIFICATIONS

	WPM-8AB
	200-240VAC 50/60Hz
	20
	560*440*450
	0-40°C
	64PIN
	Type-C, USB, wire-to-PCB

- **Appearance Defect Detection (Electronic Products):** Extend its application to include visual inspection. The machine can assist in the **appearance defect detection of electronic products, such as PCB solder joints**, providing an additional layer of quality assurance.
- **Wide Industry Application:** This Double Row Housing Wires Sequence Test Machine is ideally suited for a broad spectrum of industries, including:
  - **Consumer Electronics:** Ensuring the reliability of cables and harnesses in smartphones, laptops, and other consumer devices.
  - **Automotive:** Guaranteeing the performance and safety of automotive wire harnesses, critical for vehicle functionality.
  - **Medical Care:** Meeting the stringent quality standards required for medical device wiring, ensuring patient safety and device reliability.
  - **Communications:** Testing cables and harnesses used in telecommunications infrastructure and equipment.
  - **Machinery and Equipment:** Verifying the integrity of wiring systems in industrial machinery and equipment.
  - **New Energy:** Supporting the rapidly growing new energy sector by testing harnesses used in electric vehicles, solar panels, and other renewable energy technologies.

Product Specifications:

Feature	Specification
Product Name	2-Row Wire Harness Color and Continuity Tester
Test Range Width	1-50mm
Voltage	200-240VAC 50/60HZ
Weight	

Applicable products testing
